BRITISH NOTE CREATES DEEP IMPRESSION IN U.S.

BUT CONGRESSMEN SHOW LITTLE CHANGE OF ATTITUDE

LIKELIHOOD AMERICA WILL INSIST ON PAYMENT

WASHINGTON messages indicate the likelihood that President Hoover will make the European debts question the subject of a special message to Congress when it meets next week. Meanwhile, reports reaching London show that although the British Note has created a deep impression on a large section of American opinion, including many of those most in touch with the World economic situation, the first reactions from the influential Congressmen show little or no departure from the attitude adopted by them during the recent election campaign. It is hoped that when time has been allowed for a more careful study of the British note, which traces the history of the vast unbalanced depression and the relation thereto of the vast unbalanced transfers involved in the system of international indebtedness, together with the effect upon both creditor and debtor countries of its continuance, some recognition will be forthcoming of the real needs of the world situation.

For the time being, however, messages from America give slight reason to couple this hope with expectation. The British Note has been generally hailed in nearly every other country as both impressive and convincing.

ROOSEVELT SAYS DEBTS MUST BE PAID

[THROUGH REUTER'S AGENCY.]

New York, Dec. 3. THE American Press generally is deeply impressed by the British Note on war debts but realises, if Congress remains adamant, nothing can be done.

The Christian Science Monitor says: "We must present a lamentable spectacle to the world." The Washington correspondent of the New York Times declares that the Note deeply impressed President Hoover and his counsellors, one of whom said that if the administration had the constitutional power and political influence, the British case would be won.

The Herald Tribune considers the Note as addressed to public opinion. "So public reaction must be awaited in expectant silence," it adds. President-Elect Roosevelt, writing in the Cosmopolitan, says: "Debts must be paid. It is sound common sense to assist the debtors in every way, but there is neither practicality nor honour in cancellation."

MR. BALDWIN'S VIEW

[BRITISH WIRELESS SERVICE.]

Rugby, Dec. 3. Mr. Baldwin, speaking at Sunderland last night, said that the British note to America was a statement absolutely accurate in its facts and temperate in its language. He added: "There is no party question in this. It is a deliberate view of every man in this country who is competent to form judgment on matters to which that note refers. I have no doubt that Americans will give most careful and, so far as Government is concerned, sympathetic consideration to that Note because they stand as much as we do, if not more, to suffer from a continuance of this particular form of payment. What makes me so glad, is that following on Lausanne and following on this note we shall have an International conference as soon as it can be convened in 1933, at which I hope these questions will be studied and probed with knowledge and sympathy. I hope that the result of that conference will be that to a great extent the whole world may be relieved of this particular form of payment which is intolerable for the business of the whole world, whether debtor or creditor."

What Will Congress Decide?

WASHINGTON, Dec. 3. It remains with Congress to give to Great Britain the final answer on the war debt controversy and at the moment the highest officials at the Capitol are not positive as to what the American attitude will be in the final analysis. "We have not decided what the next step will be," declared Mr. Henry L. Stimson, Secretary of State, and Mr. Ogden R. Miller, Secretary of the Treasury. These two are closest to the President and must be aware of the Republican party's plans.

A GRUESOME SIGHT

SEQUEL TO SZECHUAN WAR

[THROUGH REUTER'S AGENCY.]

HANKOW, Dec. 4. A GRUESOME epic of the Szechuan war came to light when a small Chinese-owned steamer, the S.S. Wanan, arrived at Hankow.

It was carrying troops belonging to Liu Hsiang, and when near Chungking, rival forces suddenly opened up their machine-guns riddling the ship from end to end of the crowded decks.

The Captain, with the assistance of those who were not wounded, made off with the utmost speed. On arrival at Hankow the steamer was seen in a most ghastly condition, her alleys running with blood and over two hundred bodies choking the deck.

ECZEMA PSORIASIS PIMPLES RASHES & SORES

Start To-day With Zam-Buk
For A Clear Healthy Skin!

ALL sore, itching, and inflamed conditions of the skin are quickly soothed and healed by Zam-Buk. Even eczema and other chronic skin troubles are completely eradicated by this marvellous balm.

The extraordinary soothing and curative power of Zam-Buk is due to its rare herbal origin. Zam-Buk is so pure and so highly refined that it soaks through the tiny pores deep into the underlying tissues where ordinary fatty ointments cannot penetrate.

There are valuable antiseptic and germicidal properties in Zam-Buk. It destroys disease germs, removes all bad matter from the sore or injury, then grows new skin.

For eczema, bad legs, poisoned wounds, ringworm, scalp disease, piles, cuts, bruises, burns, scalds, pimples, itch, prickly heat, etc., you can never afford to be without Zam-Buk.

AIR-MAIL NEWS FROM LONDON

OUR LONDON AIR-MAIL LETTER

DRASTIC PLANS FOR LORDS REFORM: FLORENCE BARCLAY'S SALES: SIR OSWALD MOSLEY ON PHILOSOPHY OF FASCISM: AIR-SQUADRON PRIZE FOR HINKLER: IMPORTANT DATES FOR 1933.

LONDON, Nov. 15.

(Special Air-Mail Service)

Trade Union Protest.

While admitting that the establishment of foreign-owned factories in this country may lead to more employment for British labour, the trade unions, we learn, are concerned over the wages paid by firms which have already begun production. So far the majority of the workers employed are foreigners, brought here to set the factories going and to teach British labour the various trades. The unions contend that their rates of pay are far below the home standard, and they regard this as the thin end which may result in the factories, when the foreigners have to leave, offering only the same wages to British workers.

Drastic Plans for Lords Reform.

An unofficial Committee, of which the Marquis of Salisbury was chairman, has been considering the question of Lords Reform and its proposals, which were issued on November 10, embody a House of Lords elected in part by peers and in part by members of county and county borough councils, seats for women, and salaries of £500 a year for Labour lords.

Florence Barclay's Sales.

November 14 will see the publication of a revised edition of Florence Barclay's first novel "Guy Mervyn." Her sales to-day still average over £100 a week and her Works must be among the world's best sellers. Of "The Rosary" which was first published in 1919; more than a million and a half copies have been printed in the expensive edition, and the cheaper editions run into the same figure, the sales still averaging 100,000 copies a year. Of her other works, "The Mistress of Shenstone" has sold nearly 600,000 copies. All the others have passed the 100,000 mark. What a remarkable achievement for a woman whose career as a novelist covered only 12 years!

Exhibitions at Sir Philip Sassoon's Town House.

Another series of brilliant exhibitions as remarkable for their diversity as for the interest they are bound to create, is being planned for the famous mirrored ballroom of No. 23, Park Lane, the town house of Sir Philip Sassoon, where some of the most outstanding exhibitions of recent years have been staged. Sir Philip says he is planning ahead as far as 1931, when an Exhibition of Lacquer and "Chinoiserie" (European art in the Chinese manner) is contemplated, but meanwhile he is well advanced with plans for a fascinating glimpse into eighteenth-century France. This exhibition of Three French Reigns will show the pictures, furniture, tapestry and silver of that time, and people will be able to compare it with his memorable collection of English eighteenth century art.

Sir Oswald Mosley on the Philosophy of Fascism.

Speaking at a London literary luncheon on November 10 on the philosophy of Fascism, Sir Oswald said: "We say to men, 'Live hard, because it is a hard age and the country wants your services.' That is the limit which we make upon the individual in his private life, although in his public life we demand of his every action for thought and concern for the community. Public organisation and a private liberty—these are the principles of Fascism."

"Old Crocks" Race.

Entries for the R.A.C. run for veteran cars from London to Brighton on November 20 have closed with a total of 73, the largest entry ever received for an event of this character. The oldest car entered was manufactured in 1895, and nothing later than 1904 models are eligible. The entries include almost every type of motor car produced within that period. Among the drivers will be Sir Malcolm Campbell, who is driving a 1904 car; Mr. E. O. H. Davis, with an 1897 veteran; the Hon. Brian Lewis, who will be at the wheel of one of the strangest cars in the run, built in 1901; Mr. R. G. J. Nash, with an 1895 model, and Sir John Prestige, in a 1901 car. The event is in no sense a race, nor has it any competitive element, the sole object being to reproduce in some measure the original run in 1896 organised to celebrate the passage of the Locomotives on Highways Act (1896) which abolished the then speed limit of 2 miles an hour, and the man with the red flag.

Important Dates for 1933.

The Boat Race—Putney to Mortlake—has been fixed for April 1st or 8th; Association Cup Tie Final, Wembley, for April 29th; and the Royal Naval, Military and Air Force Tournament Olympia, from May 26th to June 10th.

Nobel Prize for Mr. Galsworthy.

The Nobel Prize is justifying itself more and more by the British writers it chooses to honour and Mr. John Galsworthy to whom it is awarded this year, was an inevitable addition to the list for anyone who knows his Works and his popularity throughout Europe. The names of John Macfield, Maxim Gorky and Paul Valery had been mentioned among others as being in the running for this prize. Mr. Galsworthy's latest novel, "Flowering Wilderness," was published only this month. He received the Order of Merit in 1920. Now that he has presented the best of his MSS. to the Bodleian and the British Museum, he is receiving many applications for similar

favours from abroad. Apart from being a playwright, romance, social historian, traveller and humanitarian philosopher, he has the enviable faculty for dealing with passing affairs. Who does not remember his message a year ago on the great peace festival, which we keep on Nov. 11. His explanation of the war was that "the world went mad," and he prayed his countrymen to devote the two minutes' silence to a "deep resolve that the world shall not go mad again."

Air Prize for Squadron Leader Hinkler.

The Guild of Air Pilots announced on November 11 that the Johnston Memorial Prize for this year had been awarded to Squadron Leader Hinkler for his flight across the South Atlantic and his other air achievements. The Johnston Memorial Prize is a silver plaque showing Mercator's projection of the world, surrounded by an engraving of Squadron Leader E. L. Johnston, who was the navigator of the R 101 and the Memorial Prize was subscribed for by voluntary subscription among his friends. It is awarded annually for the best feat of navigation. The first holder was F. C. Chichester, who shaped a course from New Zealand to Norfolk Island purely by solar observation.

Chinese Doctor Victimised in London.

A Chinese doctor, who is on a visit to London at present is the latest victim of confidence tricksters. At the West-end hotel where the doctor is staying, two men, one posing as an Irishman and the other as a New Zealander, became acquainted with him. When the friendship had developed, the old story relating to the disbursement of a fortune was introduced. After the doctor had parted with £100 his 'friends' disappeared and Scotland Yard officers are now searching for them.

Magdalen College, Oxford.

The Prince of Wales will have a special personal interest in opening the new wing of the Taylorian at Magdalen College, Oxford, for at Magdalen he was an undergraduate in 1912—his second year was cut short by the war—and the Taylorian, where the Prince also studied, is the home of modern languages. The Prince is a first-rate German scholar and is equally at home in the French language, as well as having a fairly good knowledge of the Spanish language.

Home for the Mariners.

It is proposed that the new Company of Master Mariners, on whose behalf the Prince of Wales has received a livery from the Lord Mayor of London, should procure a full rigged sailing ship, equip it as their headquarters and anchor it permanently in the Thames. It would be a novel departure for a City Company and singularly appropriate. Already the mariners have established a precedent in obtaining a livery so early in their career, and the adoption of the plan would certainly be an improvement on the condition of many of the older companies without a hall. To establish a home afloat seems to offer a practical alternative to the hopeless prospect of acquiring a site for one in the city.

Written Confession by the Late Lord Roberts for Sale.

The late Lord Roberts disliked cats and he candidly admits this dislike in a letter which will be on sale at Glendinning Auction Rooms on November 14. The letter reads: "General Lord Roberts presents his compliments to the Rev. A. W. Patre, and in reply to his letter of the 13th inst., begs to say that although he has a dislike of cats, neither he nor Lady Roberts recollect the circumstance alluded to in the cutting herewith returned."

Thames Naval Pageant.

We understand that a pageant of Great Britain's sea exploits and engagements, is being arranged by the Royal Naval College, and will be staged on the Greenwich reach of the Thames. It should be a striking display, as it has been decided that the stirring scenes to be enacted, which will include a few illustrative of the enterprise of our mercantile mariners, shall be performed at night, although as yet all the arrangements for making the whole affair completely visible to spectators have not been completed. The preliminary dates fixed for the pageant are from June 17 to 24.

The Congo-London's Latest Dance.

It is claimed for the Congo, the latest dance to be introduced to London, that "it is the liveliest thing since the Charleston." For years Britons have been content to slouch around to a mournful, soporific wail and call it dancing, but the Congo demands energy, grace and spiritual movement. (Continued on Page 6.)

THE MARRIAGE OF THE "WHITE HORSE"

"WHITE HORSE" is Real Old Scotch. First matured and then blended, it is again matured and rebled, so that the whisky becomes properly married. This marrying of "WHITE HORSE" is a very lengthy process and the result is a right noble spirit of subtle and distinctive aroma and bouquet, soft, smooth and very pleasing to the palate, without a trace of kick or bite. As a heart tonic and digestive "WHITE HORSE" stands supreme. It is the brand most favoured by Scotsmen in their own country and they are the greatest connoisseurs of whisky. Could you make a wiser choice when choosing whisky for yourself?

CHINA LIGHT
DIVIDEND OF 50 CTS.

NEW ISSUE OF 200,000
SHARES

We are informed that the Board
of Directors of the China Light &
Power Co. have decided, subject to
final audit of the accounts for the
financial year ended 30th Septem-
ber, 1932, to recommend the de-
claration of a dividend in respect
of the past financial year of 50
cents per share on the "old" shares
and proportional amounts on the
"new" shares, and that an amount,
estimated at about \$150,000 (in-
cluding the sum of approximately
\$56,000 brought forward from
last year), be carried forward to
the credit of next year's account.
Such dividend will be payable on
30th January, 1933.

We are also informed that an is-
sue of 200,000 additional shares of
the nominal value of \$5 each will
be made by an offer to shareholders
of one additional share for every six
existing shares held by them, respec-
tively, at the date of the an-
nual general meeting to be held at
the end of the present month.
Upon acceptance of the offer, \$3
per share will be payable on or be-
fore 30th January, 1933. The bal-
ance of \$2 per share will be cal-
led up at such time as the Direc-
tors shall decide.

LESSON SERMON

FIRST CHURCH OF CHRIST,
SCIENTIST, HONG KONG.

"God the only cause and creator
" was the subject of the Lesson
Sermon in all Churches of Christ,
Scientist on Sunday, December
4th.

The Golden Text was: "Unto
thee, O God, do we give thanks:
for that thy name is near thy
wondrous works declare" (Ps.
75:1).

Among the citations which com-
prised the Lesson-Sermon was the
following from the Bible: "Praise
ye him, sun and moon: praise him,
all ye stars of light. Praise him,
ye heavens of heavens, an ye waters
that be above the heavens. Let
them praise the name of the Lord:
for he commanded, and they were
created." (Ps. 148: 3-5).

The Lesson Sermon also includ-
ed the following passage from
the Christian Science text-book,
"Science and Health with Key to
the Scriptures," by Mary Baker
Eddy: "There is but one primal
cause. Therefore there can be no
effect from any other cause, and
there can be no reality in aught
which does not proceed from this
great and only cause." (P. 207).

A RIOT AT THE KING'S HAROLD LLOYD IN "MOVIE CRAZY"

We have had good pictures before—we've had Harold Lloyd before, and the Marx Brothers and Buster Keaton, not to mention Charlie Chaplin—but I've never heard laughter like that at the 5.15 house at the King's yesterday.

A general opinion is, I believe, that funny things happen to him. That is no longer true. Harold Lloyd has learnt an astonishing amount since he made "Feet First." He has learnt from Keaton and Chaplin how to concentrate the attention on himself so that even if funny things happen to him you feel that they come from him and could not happen without him. He has learnt in fact to be funny.

There isn't a dull moment in "Movie Crazy" from the moment when Harold Lloyd ducks to the final fade out, it moves along quickly and, wonder of wonders, funny business is not repeated. For that sacrifice alone Harold Lloyd and his producer deserve to win the highest award Hollywood has to offer!

The story tells of Harold's effort to enter the film world. One has the suspicion that it may hold more than a grain of truth. The lad with the determination to be a movie hero is helped by a very pretty and clever young actress, Constance Cummings. The rôle of the director with a temper is well taken by Sidney Jarvis while Kenneth Thomson has the part of Harold's rival for the affections of the heroine.

"Movie Crazy" is a film you should not miss, and you had better book your seats early for judging by the full houses yesterday and the wonderful reception given to the picture there won't be many places vacant when the doors open.

E.M.B.

HAROLD LLOYD'S FIRST FILM FOR TWO YEARS

It's been two years since Harold Lloyd last treated his fans to one of his films. That's a long time to wait for a Lloyd picture, and, yet, as "Movie Crazy," with Constance Cummings, the film to break the long silence, unwinds itself to-day it will seem that a Lloyd picture is worth waiting two years or even more to see.

To say that "Movie Crazy" is the best picture Lloyd has ever produced sounds like the

utmost extravagance. Yet the soberest consideration points to that conclusion. It is chuck full of brand new gags and of some of the old ones dressed up as new ones and funnier than ever. It has a good, consistent story, a strong supporting cast, and Lloyd himself tops every previous characterization. Something has happened to the comedian in the last two years. He is a subtler, more mature, and generally better actor, and gives the impression that he could carry a story by the force of his personality even if it were not gagged to the hilt with mirth-provoking situations.

Any comedian who can start a sequence on a note of merriment and build it without a break, until at the end of seventeen minutes, the audience is literally rolling in the aisles, is a great comedian. That's what Lloyd does in "Movie Crazy." And the ballroom incident which provides this continuous howl is only one of the many sequences which have their counterparts only in the big Lloyd successes of the silent days.

Movie Struck Boy.

In "Movie Crazy," Lloyd has the rôle of a movie-struck boy in a small town, who goes to Hollywood in answer to a fan magazine advertisement for talent. On the first day there, he wins the enmity of a prominent leading man, falls desperately in love with a star, seriously interferes with an important production, and is ejected from the studio, jobless and disillusioned. Because of the girl, however, he sticks, and finally, of course, wins both the girl and a contract, the latter in a strictly accidental way.

Constance Cummings, in the rôle of the girl, proves about the best leading woman Lloyd has had since Bebe Daniels. Her rôle is not the usual purely decorative variety, but requires an actress of genuine ability, for reasons which will be evident when you see this fun-filled film—which you certainly must do. It is a difficult rôle, but Miss Cummings more than meets its challenge.

The comedian has also surrounded himself with such competent players as Kenneth Thomson, players, Closser Hale, DeWitt Jennings, Harold Goodwin and others, and has enlisted exceptional talent in the writing of the story and screen play. Agnes Christine Johnson, Felix Adler and John Grey collaborated with Lloyd on the story and the screen play and dialogue were the work of Vincent Lawrence, Broadway playwright.

Whatever your plans are for the next three days, don't miss "Movie Crazy!"

"MISCHIEF"

NEW RALPH LYNN COMEDY

Some of the really funny incidents in "Mischief," which will be shown at the King's Theatre, the new Ralph Lynn comedy, have never been equalled. They are clever as well as humorous, not merely slapstick. For instance, Ralph Lynn, as Arthur Gordon, well-to-do young man, decides to visit a friend in the country and, on arrival, he enquires his way to the cottage, where she is staying. The yokels send him three "yards" down the road to the local hackney owner, who, when asked if his coach can stand the strain of taking our friend, informs him that, as the driver is "half sharp," he has to be "dared" to do it; and told that he can't! The horse is similar afflicted, having been trained by the "half sharp" youth so you can imagine the gay time Ralph Lynn has on the "hackney" and your enjoyment of "Mischief."

Jeanne Stuart, a newcomer to the talking screen, is a charming and vivacious actress, and one, judging her performance in "Mischief," the latest British and Dominion's film production, who will go ahead in British films. She wears clothes beautifully and speaks in a clear, well-modulated voice. "Mischief" is an all-round, excellent comedy, and if you can resist Ralph Lynn, star of the film, with his joyous banter, and Winifred Shooter, then certainly keep away!

BRITISH NOTE CREATES DEEP IMPRESSION IN U.S.

(Continued from Page 1.)

the moratorium be extended for
six months. The Democrat Senate
leaders, as well as Republicans,
however, are stubbornly refusing to
consider any suspension.

British press opinion is unani-
mous in regarding the war debt
note as a great state paper, main-
taining the same high level of
statesmanship of successive British
Governments towards a situa-
tion created by these huge inter-
Governmental obligations. The
arguments which the note advances
have long been familiar to leading
economists throughout the world.

As the *Times* Washington cor-
respondent points out, it is com-
mon knowledge that, independent
of its presentation of a London
case the note is in a large sense
found convincing not only by Pres-
ident Hoover but by all those
whose executive position gives
them knowledge of and concern in
the world situation.

The immediate importance, how-
ever, attaches to the effect which
the note may have upon Congress,
which meets next week, and on
whose hands the decision lies.

The note as drafted in response
to an invitation to give reasons to
lay before Congress in support of
the British request for a suspen-
sion of the December instalment of
the war debt payment to the United
States, America having mean-
while expressed a willingness to
facilitate a discussion on the British
war debt question.

Plain Facts.

The recommendations which Pres-
ident Hoover will make to Con-
gress are therefore awaited with
exceptional interest. It was
not expected that the American
public would accord immediately a
favourable reception to the policy
advocated by the British Govern-
ment, which would involve sacri-
fices on the part of American tax-
payers similar to those already
borne by British taxpayers. The
conviction is, however, expressed in
the British press that when time
has been allowed for a careful
weighing of the plain straight-
forward statement of facts and in-
escapable deductions, they will
carry conviction to all unbiased
minds.

Press Comment.

In the evening newspapers hope
is expressed that the note will have
more effect when its points are bet-
ter understood.

The *Evening Standard* regards
the argument that payment must
inevitably result in a further dis-
astrous fall in commodity prices
as singularly impressive. This, it
says, constitutes a grave threat to
the farming community of the
United States, which is most op-
posed to any cancellation of debt.

The *Star* also emphasises that a
settlement which would raise the
price of grain and cotton by the
smallest amount would pay Ameri-
ca far better than could a receipt
of gold from Britain.

PARIS PLEASSED WITH BRITISH NOTE

PARIS, Dec. 2.
Authoritative quarters are most
pleased with the British note on
war debts to America and only re-
gret that it suggests a promise to
pay.

The sequel is eagerly awaited,
but with little hope of success as
far as France is concerned, as it is
realised that Great Britain has
the better chance for consideration.

Premier Herriot, who went to
Geneva last night, will discuss the
possibility of an American refusal
to comply with the British request
with Premier MacDonald. The
French hold that if America in-
sists on the December payments the
Lausanne agreements must cease
and the legal position will be
status quo ante, namely, that the
Young Plan should continue.

Premier MacDonald does not
agree and therefore the gentle-
men's agreement is likely to be
severely tested, it is believed.

MALAYAN CHAMPIONSHIP WON and British Record Broken with help of

PHOSFERINE

CHAMPION OOI LEONG TEIK writes:—

"It is with the greatest pleasure that I write to testify to the benefit I have received by taking Phosferine during my training for the 1931 Malayan Weight-Lifting Championships.

As I had to reduce some seven or eight pounds off my normal bodyweight in order to enable me to compete in the 6-stone class, I had to go into very strenuous training, and with the help of Phosferine, I not only won the championship of that class, but also the individual championship, and, in addition I broke a British Record.

I therefore have no hesitation in recommending Phosferine to any physical culturist or athlete, whether he be in ordinary training or preparing for a competition, as it

FINANCIAL NOTES FROM LONDON

(Special Air-Mail Service)

London, Nov. 14.
The outstanding feature, on Nov. 7 was a fall in Japanese bonds. The reported budgetary deficit of 780,000,000 yen, which was reflected in a still lower rate for the yen—nominally worth 24.5—and to-day only valued at 1s. 24d.—led to a fair amount of selling of these bonds and prices gave way from 3 to 6 points. Chinese Bonds, however, were comparatively steady.

Bowater's Paper Mills.

It has been decided by the Bowater's Paper Mills Company to issue the unissued 80,000 Ordinary shares of £1. and to offer them to shareholders and Debenture stockholders at 25s. per share. The accounts will be published next month and from the preliminary figures the directors are aware that the profits will exceed those of the previous year. It is, therefore, their intention to again recommend a dividend of 7½ per cent. on the Ordinary shares.

Better Report of United Steel Companies.

The annual accounts of the Steel Industries of Gt. Britain to September, 30 last show a loss of £10,601 as against the loss of £11,837 for the previous year. The United Steel Companies, which is controlled by the Steel Industries of Gt. Britain state that the year under review has been a year of extraordinary depression in the iron and steel trade. Demand throughout the world continued to decline, and has now fallen to a level which is almost incredible. In spite of this decline the directors are able to report that the company has maintained a volume of trade in its steel products in excess of the previous year. The combined trading profit of the company and its subsidiary and associated companies was greater by £100,070.

Better Trade Returns.

The returns of overseas trade in October are more encouraging. Compared with September, exports, increased by £4,211,000 or 16 per cent., and the greater part of this increase took place in manufactured articles, exports of iron and steel, machinery, chemicals, drugs, dyes, etc. and vehicles (including locomotives and ships) all being higher. Re-exports also advanced, while of an increase of £9,561,000 (or 13 per cent.) in imports only £1,360,000 was in the form of manufactured goods. For the month the apparent adverse balance of trade was £26,095,000 against £25,126,000 in Sept. and as much as £42,577,000 in October 1931, while for the first 10 months of the year the unfavourable balance is £253,749,000 compared with £253,237,000 in the corresponding period of 1931. Compared with October, 1931 (in which there was one more working day), imports last month show a reduction of 24.6 per cent., exports of 7.2 per cent., and re-exports of 20 per cent. For the 10 months ending October imports were reduced by £120,074,720 (or 17.2 per cent.) to £581,017,033, exports by £23,675,318 (or 7.2 per cent.) to £201,547,025 and re-exports by £10,811,402 (or 20.1 per cent.) to £42,720,386.

TWO £28,000,000 FRENCH LOANS

(Special Air-Mail Service)

A loan of 3,500,000,000 francs (£28,000,000 at par) will be floated by the French Government early in the new year in connection with the national equipment scheme, which provides for an extensive programme of work including electrification of a number of railways and building and road construction. It is also proposed to offer a similar loan of the same amount in 1934.

London, Nov. 15.
It is reliably stated that during her voyage from Trieste to Genoa, the new liner Conte di Savoia averaged 29.3 sea miles per hour and a maximum of 29.6 miles per hour.

FASHION NOTES

WHAT THE CHIC WOMAN SHOULD WEAR

(Special Air-Mail Service)

Capex continue to be in favour for evening and day wear, also fabric collar scarf tie lines prevail in some instances the fur merely encircling a sleeve round through which the arm is passed. In one of Paton's creations a new type of waist-length sleeved cape, that takes a back line resembling a short jacket is very effective. The fichu shawl is used for day-wear as well as the semi-circular frilled capelet which gives the impression of a frilly redingote capelet in black on a black frock merely trimmed with a dark blue satin buckle belt.

Bow tie motifs bring a change in decoration to many of the corsets, some of which show variety from square front and lower back "V" decolletes through taking single diagonal lines runnings in opposite directions back and front. The favourite neckline, however, is the fichu line, quite flat but frilled, the fichu passing over the shoulders at the back and crossed shawlwise in front.

The best wraps for winter evenings are made from velvet. One full-length coat of black velvet has for its only trimming a large bow at the left shoulder; a brown velvet coat has a double cape collar. In Plain velvet wraps, the owner has the advantage of adding her own furs and so changes the appearance of the coat when she pleases.

Jumper Sleeves.

The newest jumpers have a sleeve that puffs either high on the arm—in which case the puff almost takes the place of the fashionable epaulet—or half-way between the elbow and shoulder, or at the elbow itself, or half-way between elbow and wrist, or even just above the wrist. It is this variation which gives the new and attractive look in many cases where there is no other discernible difference between new and old. It happens, however, that one of the troubles with a last year's jumper may be that its sleeves have grown too long in the wash. And often the only way we can think of for remedying this defect is to cut off a piece at the wrists and bind the raw edges. The new fashion suggests a simpler renovation. Try on the jumper, pulling up the sleeve at different points to discover where the puff or double sleeve is most becoming and wear it in future with a pair of elastic armlets. These will not show and will do away with the need of tacking which spoils the set of the sleeve.

The new material with a crinkled surface, known as elephant crepe, is very popular in Paris just now and is obtainable in charming colours. One good shade is rather like pale purple ink, and another is a beautiful soft grey. Tinsel fabrics are not much used for evening frocks, but some shine and glitter is essential. One way to get the desired result is to use head embroidery. A black tulle frock, embroidered with sphinx and jet beads and imposed on a foundation of silver tissue which gleams through the transparent flounce of plain black tulle is very effective.

COLONIAL SERVICE

TELEVISION TRIUMPH

(Special Air-Mail Service)

London, Nov. 15.
A successful transmission from the British Broadcasting Corporation in England to Denmark has been received at Copenhagen. In the presence of a number of specially invited technical experts a television broadcast from England of pictures and voices was picked up by the Vestfronten wireless station. It was re-transmitted by land lines to Copenhagen where it was projected on to a screen about 3 feet by 7 feet. The pictures and voices were transmitted separately, and were then perfectly synchronised before projection. Both the voices and the pictures were remarkably clear, even the details of the faces being easily seen.

AN
EXTRA
SPECIAL

NEW TERRITORIES AGRICULTURAL SHOW

COLONIAL SECRETARY'S ENCOURAGING ADDRESS

A FAITHFUL VISITOR'S CANDID IMPRESSION

Both the Colonial Secretary, the Hon. Mr. W. T. Southern and the Chairman of Committee (the Rev. H. R. Wells) spoke in very understanding and optimistic vein at the New Territories Agricultural Show, which was opened on Saturday and continued yesterday.

Mr. Southern spoke wise words to critics of the show. Results might appear to be slow, but after quoting the Latin tag, "the farmer plants the trees of which he will not see the fruit," Mr. Southern said: "So it must be with an Agricultural Association. The enthusiastic workers of one generation will plant ideas and start changes of which only the next generation will see the results."

"I beg you, therefore, not to be discouraged if improvement seems slow in coming. Little by little the old conservatism will give way and the farmers of the New Territories will learn to make more profitable use of the land which they till with such praiseworthy diligence and industry."

The Rev. H. R. Wells also stressed the real improvement in vegetable growing in the New Territories and mentioned several problems, notably that of improving the water supply, in which the Association could assist.

THE VISITORS

WELCOMED BY SIR ROBERT AND LADY HO TUNG.

The Colonial Secretary, the Hon. Mr. W. T. Southern, who was accompanied by Mrs. Southern, was welcomed at the gateway by Sir Robert and Lady Ho Tung, the Rev. H. R. Wells, the chairman of the show, Mr. E. H. Williams, the Northern District Officer, and other members of the Committee.

Amongst those present were: Sir Henry and Lady Pollock, Major C. M. Manners, O.B.E., Dr. and Mrs. G. A. C. Herklotz, vice-president, Mr. and Mrs. Fung Ki Cheuk, Mrs. M. K. Lo, Mr. W. Schofield and Mrs. Schofield, Mr. J. D. Bush and Mr. G. Tetzl, secretaries, Mr. Tang Wei Tong, Mr. Ng Sing Chi, Mr. J. L. McPherson, Mr. Chin Koon To, Mr. H. Green, Mr. Lo Yum Shuen, Mr. Tang Yan Shan.

STEADY PROGRESS

THE CHAIRMAN'S REVIEW OF THE POSITION.

The Rev. H. R. Wells, the Chairman of the Agricultural Society in asking the Hon. Mr. W. T. Southern to open the show said:—

The members of our committee feel gratified at what they consider to be an improvement in the output of vegetables throughout the territories, more especially in the neighbourhood of Tai Po, Sheungshui, Sha Tau Kok, Yuen Long, Castle Peak and Tsau Wan.

"For example they see a great increase in the growth of vegetable for the Hong Kong market, and it may be that if we should experience a state of things similar to that which occurred some years ago, the supply would be a great boon to the Colony."

"The farmers generally seem to complain that Chemical fertilizers have a tendency to harden the ground, and it is hoped that some means may be found to teach them how to get the full advantage of modern fertilizers."

Water Supply.

"One of the greatest needs of the Territories is the supply of water,

it was thought that the Government might provide at a small expense some dams or reservoirs, but a new method in pumping water is proving to be useful."

In concluding, Mr. Wells said it would be difficult to express his committee's thanks to all who had assisted in the work, but the Association was specially grateful to Sir Robert and Lady Ho Tung for their continuous and kindly interest, which had been of the greatest value year by year.

THE COLONIAL SECRETARY

REPLY TO CRITICS.

In declaring the show open the Colonial Secretary (the Hon. Mr. W. T. Southern) said:—

Mr. Chairman, Ladies and Gentlemen,

I have first to thank you for the warm welcome you have given to my wife and myself. I esteem it a very great honour to have been asked to open this second annual Agricultural Show of the New Territories Agricultural Association the sixth of the whole series of New Territories "Agricultural Shows and I offer the Association my heartiest congratulations on the success of their efforts to arouse and to keep alive the interest of the farmers of the New Territories. As I have not yet been round the Show I cannot at present offer any criticisms or any comparisons with other years but I am convinced that nothing but good can come of this annual bringing together of the produce of different districts of the New Territories in friendly rivalry."

Appeal for Patience.

I notice in the Chairman's speech a reference to criticisms based on the slowness of the results achieved by the Association. Now I consider such criticisms very unfair. Of all industries agriculture is perhaps the most conservative and it is not only the slowest to adopt new ideas but it is also the slowest to show the results of new ideas when they are adopted. There is an old Latin proverb which says "The farmer plants trees of which he will not see the fruit." So it must be with an Agricultural Association. The enthusiastic work-

ers of one generation will plant ideas and start changes of which only the next generation will see the results. I beg you therefore not to be discouraged if improvement seems slow in coming. Little by little the old conservatism will give way and the farmers of the New Territories will learn to make more profitable use of the land which they till with such praiseworthy diligence and industry. They have a large market at their very doors and I trust that the Association will continue its efforts to secure for the New Territories farmers their fair share in that market.

I congratulate the New Territories on their excellent display of New Territories produce at the Empire Day Fair and I hope that the Fair resulted in an increased demand in Hong Kong and Kowloon for our local products. As you all know the Fair is to be repeated next year and I hope the Association will encourage the farmers to give next year's Fair even greater support. I was glad to hear that the seeds distributed as the result of the last Fair were so highly appreciated and I hope they will lead to an improvement in the quality of the products of the New Territories.

Fertilizers.

I notice that some complaint has been made about the effect on the soil of certain fertilizers. I suggest that the Association should bring these complaints to the notice of the large companies interested in the sale of fertilizers. I have little doubt but that their expert advisers will be able to devise a suitable remedy. I am sure that the Superintendent of the Botanical and Forestry Department will also be ready to assist the farmers in any difficulty of this kind if the Association will bring the facts to his notice. In so restricted an area as the New Territories it is obvious that improvement must take the form of more intensive cultivation and for this expert advice on the fertilizers necessary to maintain the quality of the soil is of the utmost importance.

On the subject of the water supply for irrigation I suggest that the Association should get into touch with the District Officers who would be able to advise the Government as to the need for Government assistance. At the same time I deprecate too hasty an appeal to Government for funds for individual works. We wish to make the New Territories self-supporting and indeed more than self-supporting and where one individual cannot afford some particular work we should like to see co-operative effort encouraged.

Co-operative Credit Societies.

This brings me to the subject of Co-operative Credit Societies to which the Chairman has referred. There is much spare-work to be done in the way of arousing the interest of the villagers in the Co-operative Credit idea. It has proved a success in India and in other places and there is no reason why it should not prove a success in the New Territories. There is literature on the subject available which should enable us to profit by experience elsewhere and any surplus energy of the Association might well be employed in fostering the idea among the farmers. Should any village or group desire to start a co-operative credit Society it can properly look to the District Officers for encouragement and guidance.

Poultry Farming.

There is one other aspect of New Territories farming on which I wish to touch—and that is Poultry farming. Mr. Bush referred to the absence of poultry farms in the New Territories in his address at the Rotary Club last January. The

IMPRESSIONS OF A FAITHFUL VISITOR

WHERE HELP IS NEEDED

It is useless to disguise that one's first impression of the Show was one of disappointment. Much had been promised but again the benches were laid out with wilful vegetables, roots, grains and nuts without the least attempt to present exhibits that could attract any but the expert eye. The Botanical and Forestry Department's exhibit exactly reproduced those that have been staged at previous shows and in the clash between the instinctive conservatism of the East, and the changeability, called progress, of the West the former had won hands down. The Show had been stabilised.

"And as things have been, they remain . . ."

Then as one listened to the sympathetic speech of the Colonial Secretary, it became apparent that a good deal had been accomplished. The show has become a hardy (not a delicate) annual, and the Chinese farmers are exhibiting. The novel idea has taken root. Let it grow in the Chinese way, slowly and surely.

Help Needed.

But it does seem that more might be done by wealthy people in the New Territories. In England a feature of every village show is the groups for exhibition of flowers and fruits and other produce sent by the big houses, and farms, and market gardeners. There used to be such displays at Shuang Shui and they are badly needed. The amount of past exhibits is easy to imagine, and yet it would be worth while to appeal yet again to their generosity. Nor have the firms supplying agricultural machinery and fertilisers been encouraging. The burden has fallen on the broad shoulders of the village elders, and they need help, for they are struggling with a new thing, which to Europeans is an old thing, and the latter ought to help.

Strolling Players.

There is no doubt the show gives pleasure to a large number of village people. The troupe of actors, in their really beautiful costumes, drew a densely packed house, and this is a valuable feature, because people like it! The youngest European visitor—one of the few Europeans to understand what was going on—had, however, to be hurried away to catch the train just when a gorgeous mandarin was about to relate the paccadilles of a lovely creature in white, glittering with jewels and adorned with a tiara.

The acting was accompanied, part of the time simultaneously, by an Eastern and a Western band, which allowed a unique chance of comparing the two types of music.

B. B.

scarcity of good eggs in Hong Kong is little short of a disgrace. We know now, from the success of the Sunny Farm whose exhibits were so much admired at the Empire Fair that good eggs can be produced in the New Territories and we also know that there is an abundant demand for them. Here then is a promising field for the activities of the Agricultural Association a field which offers the farmers an early reward for their efforts and one in which it should be possible to enlist their interest to their own profit and to the benefit of the community.

Ladies and Gentlemen, I wish the Agricultural Association every success and have much pleasure in declaring the Show open.

RUGBY FOOTBALL

ARMY BEAT THE CLUB

The Army owed their success in Saturday's Triangular Rugby Tournament match against the Club to the excellent play of their backs, and particularly to Lieut. Brit at full back. The game was played at Sookunpoo and was decided by the fortune of a place kick, the scores being:

Army: 8 pts. (1 goal and 1 try).
Club: 7 pts. (1 dropped goal and 1 try).

It was anybody's game to the last, and there was breathless suspense when McLellan at the very end, only just failed with a penalty kick given against the Army.

Under McLellan's energetic leadership the Club pack was superior to the Army forwards, but the difference was more than counter-balanced in the outside division. Martin played a very good game, particularly as his task was to mark the redoubtable Lammert, who was also in great form, and Birt's intelligent support of the "threes" always proved a menace. For the Club Grieve was away, but Jenkin played quite a good game at full back.

The first score came when Griffiths dropped a beautiful goal in front of the posts after the Club had been continually held up by deadly tackling. Shortly afterwards the Army got over when Hoskins went round the "blind" side of a scrum five yards from the Club line to touch down in the corner. Lloyd failed to add the points from a difficult angle. The Club increased their lead when Lammert got over near the posts after a good run. McLellan failed with the kick.

The Army were four points down at the interval, but played a hard game all through the second half. There were less than ten minutes to go when Birt again came up into the three-quarter line to give Gould a pass to kick ahead for Walters to touch down. Lloyd added the goal points to give the Army the lead. The last five minutes were full of thrills, the Club launching attack after attack against a resolute defence. A penalty kick against the Army for holding on to the ball in the scrum just outside their 25 looked like giving the Club the lead, but McLellan's kick went just wide.

The teams:—
Club:—A. F. Jenkins; J. J. Ferguson, W. H. B. Rigg, R. H. Griffiths, G. P. Lammert; M. W. Turner, N. M. Molatos; G. C. Moutrie, J. H. McLellan, S. H. Garrod, W. Kerr, W. E. Peers, J. C. Miller, D. McLellan, and A. P. Hall-Thomson.

Army:—Lieut. Birt (R.A.); Lt. Martin (S.W.B.); Sgt. Gould (S.W.B.); Lt. Galletley (S.W.B.); Pte. Lewis (S.W.B.); Pte. Stevens (S.W.B.); Pte. Hoskins (S.W.B.); Pte. (37) Jones (S.W.B.); Lt. WEEK-END SPORTING ACTIVITIES

NEW MILE AND HALF RECORD BY LIBERTY BAY

WOODLAND STAG MEETS HIS WATERLOO IN 5 FURLONGS SPRINT

GOLD RING AND THE TIGER BRINGS GOOD DIVIDENDS

(BY "MORNING DEW")

Without the slightest effort, Liberty Bay, the best pony ever to race in Hong Kong set up a new mile and a half record on Saturday, when, running at 161 pounds in the St. Andrew's Stakes. He made the rest of the field (all "A" Class contenders) look like cart horses.

The day was full of surprises and punters had a big dividend from the very first race when The Sheldrake, receiving a concession of 300 yards in the "Ewo" race, staggered home in front of the favourite, Night Shirt. The winner, which was ridden by Mr. R. T. Crowe, paid \$108.50 for a win.

Two other substantial dividends were paid during the day. In the fifth race, Mr. Caplan brought home Gold Ring in a field of nineteen to pay \$82.50 for a win while two races later, Mr. Frost brought home The Tiger to pay \$51.40 for a win.

The novices event was quite exciting. Just imagine winning by the barest possible margin from Christmas Belle on the post.

BISTRE'S SURPRISE WIN IN "C" CLASS

Mr. S. N. Pan was responsible for a good bit of riding when he steered home Bistre in the Laukuk Handicap for "C" Class. The pony was done to the last weight of 140 pounds and as I said in my notes on Saturday, his win did not surprise me, neither did the fact that California finished second. Navy Hall, a hot favourite, took third place, barely noising out Mon Talsman.

Flying Tourist and Alexandra Hall made all the running in the earlier part of the race with Navy Hall taking a middle position. Bistre was content to hang on the heels of Navy Hall. Mr. Spares on the favourite appeared a bit too anxious to get up with the leaders and was soon to make several efforts to get into the lead before the straight was reached. He only succeeded just before entering the straight, by which time, Bistre, running comfortably up till now, drew level with him and ultimately passed him to win handsomely. California also passed Navy Hall in the last furlong and it was all the favourite could do to scramble into a place.

Mr. Caplan's Win.

Gold Ring's success was a feather in Mr. Caplan's cap. The pony, looking very fit in the paddock, ran a very good race all the way and coming up the home straight, fought out a gruelling tussle with The Plover and Wembley Stag, to win on the post by a neck from the last-named. The Plover was a good third.

Festival Eve was a roaring hot favourite in this event, due no doubt to the pony's excellent showing at Fanning the week before when he made mince-meat of Wembley Stag and Wakefield at level weights. His effort on Saturday was very disappointing. Powerful King made a very good show, but is still not "classy" enough.

Of Mr. Frost's three wins, that on The Tiger was undoubtedly the most meritorious won. I think the "Star" stable made a mistake when they sent Bright Star out to try conclusions with Liberty Bay as Bright Star would certainly have won the Glasgow Handicap. As it was Mr. Pan was given the mount on Blue Star, and the pony could not do better than get second place. The Tiger, having run well during the whole of the second half of this year, struck a very good patch on Saturday and accounted for this race in 2.03.2 seconds. Blue Star was prominent most of the way but found himself outmatched in the straight. As for Champagne Bay, I cannot understand the pony for he ran at five pounds less than his last appearance when he won in 2.04. On Saturday however, he only ran well for the first six furlongs, and like Blue Star, was beaten by The Tiger's pace up the home straight.

Wotin's Win.

Wotin's win over Woodland Stag was not entirely unexpected. The favourite ridden by Mr. Frost was first away at the gate, but Wotin with only 135 pounds to carry for, ran so well over the first three furlongs that he had a lead of six to ten lengths, entered the straight and though Woodland Stag ran for all he was worth, he could not overhaul Wotin, although he got within a length and a half. Evening Star, all things considered was a good third.

Liberty Bay.

I say without fear of contradiction that Liberty Bay is the best China pony ever to race in Hong Kong and that when this candidate meets Diana Bay, he will account for the mare. On Saturday he ran a mile and a half in 3.02 winning by

many lengths from Wild Life and Gay Crusader. The last named tried to take the lead, but before very long, both Wild Life and Liberty Bay were after him and just before entering the home straight there was only one pony in the race.

To give readers an idea of Liberty Bay's speed, it is only necessary to give the six quarters as they were timed by the official handicapper. The 302 for the full distance was made up as follows:—31.1, 29.3, 30.4, 29.4, 32.1, 28.2. In spite of all these fast quarters, Liberty Bay finished on the bit! In the "B" Class race for Australiana, City of Melbourne turned the tables on Manna by accounting for him by a neck. The race was a very fast one and early on it developed into a race between Manna and City of Melbourne. Mr. Reidy's newly acquired Canny, finished a good third.

Novices Event.

Carrying Mr. S. W. Tang's colours for the first time, Just Imagine won the last race of the day by a mere matter of inches from Christmas Belle. There was a big field and the race evolved itself into a scramble over the first half mile, but when the field had sorted itself out Just Imagine and Christmas Belle were both prominent, with Banjoella well up. These three ponies ultimately finished in that order.

CANTON POLICE WIN INTERPORT

Continued from page 10.

in the first division league game on Saturday.

In addition to stopping a penalty kick, Heath saved the side time after time after the Navy forwards had "fizzled" the soldier's defence.

The pace was fast and furious in the opening moments of the game and a corner against the Navy enabled the Lincolns to draw first blood through Malpas, after five minutes play. The Navy had many opportunities to equalise, but failed to do so, and even a penalty kick did not bring them the equaliser. Before the end the soldiers scored again, this time through Harding, who sent in a beautiful grounder which beat Kitchin all the way.

KOWLOON v. ARTILLERY
Bliss, the Interporter, played for Kowloon while Pardoe, another member of the successful interport team played for the Artillery when these two teams met on Saturday. Both these players were outstanding.

Kowloon took the lead early when a misunderstanding between the Artillerymen resulted in Comby pushing the ball into his own goal when saving from Hill.

At the interval the Artillery had not managed to get the equaliser and it looked very much as if they were up against it. After the interval both sides played well, but the earlier pace faded on Kowloon and towards the end, when they visibly slackened down and R.A. scored twice, to snatch full points. Gough scored from a melee and Bryant put in a beautiful shot to earn the full points.

DIVISION II.

BORDERERS v. EWOS

Although the Borderers have an unbeaten record in the second division, they very nearly went down on Saturday when they played the Ewo, a comparatively weak team.

The game was very even in the first half and Ewo, if anything, had the better of things. Taking a penalty awarded against Ewo, Pritchard struck the crossbar, but when the ball rebounded into play, instead of leaving it to another player, he kicked it again and scored, but the referee awarded a free kick against him for touching the ball twice.

Ewo had several good opportunities to score during the second half but failed to take advantage of them. Hamlyn put in the only goal of the match near the end of the game and thus enabled the Borderers to chalk up two points for this game.

SOUTH CHINA v. R.A.

The Artillery were favoured to win their match against South China at Caroline Hill, but Pau Ka Ping played so well for the Chinese side that the latter won the argument by the odd goal in five.

At the interval the score was two goals to one in favour of the Chinese, who at one stage led by two clear goals. In the second half, the Artillery drew level but from that stage the Chinese kept pressing and ultimately Pau Ka Ping scored the winning goal, following an excellent combination with his right wing.

LINCOLNS v. CLUB

Five clear goals was the margin by which the Lincolns defeated the Club. The latter fielded only ten men and were fortunate in being able to find such a good "goalie" as Simmons. Evans headed in his first goal for the Club early on and Higgins added to the lead before the interval. In the second half, Evans scored three times in succession for the soldiers, who thus emerged easy winners of an uninteresting, one-sided game.

KOWLOON v. TSUNG TSIN
This game, played on the Railway ground resulted in a 3-1 victory for Tsung Tsin.

C. White opened the scoring for Kowloon who thus encouraged and played very well. A penalty against them in the first half enabled the Tsung Tsin to equalise. In the second half, the play was all in favour of the Tsung Tsin Club who scored twice before the final whistle which found them victors by three goals to one. It was during the second half that Whitfield was ordered off by the referee.

ATHLETICS v. EASTERN
The Eastern fielding only ten men against the Athletics, went under by six clear goals and are at the bottom of the second division.

The first goal for the victors came from Ko Hung Cheong, after which Cheung Kit Nam, through a misunderstanding, shot into his own goal. The Athletics put on four goals in the second half.

ST. JOSEPH'S v. NAVY
St. Joseph's also fielded only ten men against the Navy and never had a look in at any stage of the game, the sailors emerging victors by seven goals to one.

The Saints have yet to win their first match in this division.

BECK TAKES 8 FOR 27 AGAINST C.S.C.C.

HONG KONG CRICKET CLUB WIN IN BOTH LEAGUES

SEVERAL FRIENDLY ENCOUNTERS DRAWN

A magnificent bowling performance by A. O. Beck was the feature of the Senior League match between the Club and the Civil Servants in their engagement at Happy Valley on Saturday. Bowling unchanged, he went through the opposition in devastating manner, and in 8 overs (4 maidens) captured 8 wickets for 17 runs! The Club had no difficulty in passing their score of 89, E. J. E. Mitchell and J. P. Whitlam batting well for 52 and 48, respectively.

The H.K.C.C. second eleven also registered a victory over C.S.C.C.

In their friendly encounters I.R.C. drew with Craigengower, and a mixed K.C.C. eleven drew with a team from the H.M.S. Devonshire.

A good bowling performance was put up by G. Lee, playing for Queen's College when he captured 8 wickets for 30 runs.
